PowerBook® Prices Plummet!

Announcing lower prices on all Apple® Macintosh® PowerBook® 190 & 5300 models, PLUS for a limited time when you purchase any Apple printer with your PowerBook order, you'll get a $150 rebate direct from Apple*!

Roman Architecture
PowerBook 190cs
Macintosh

Now you can grab the greatest deal ever on the most affordable PowerBook! The PowerBook 190 and 190cs boast fast 66/33 68LC040 processors for all your demanding spreadsheet, word processing and PIM applications. You can choose between 4 or 8 MB of RAM and either a 9.5" passive-matrix display (with 16 levels of gray) or a 10.4" backlit dual scan display (supporting 256 colors). It includes ClarisWorks integrated productivity software and the PowerBook Mobility Bundle for the easiest mobile computing ever. You can use its memory expansion slot, PC cards slots and expansion bay to expand your system (and take advantage of PowerPC™ processors, active-matrix display technology and even 8-bit video-out capabilities). And, when you order any Apple printer with your new Macintosh PowerBook 190 or 190cs, you'll enjoy a $150 rebate. Call us toll-free today to order. Hurry, because rebates (and ultra-low prices) like these don't last forever.

CREATIVE COMPUTERS MacMall YOUR MAC SUPERSOURCE!

Dream Machine Sweepstakes

Official Rules

No Purchase Necessary

FOUR WAYS TO ENTER: (1) You will be automatically entered each time you place an order by calling Creative Computers' 800 number. To be eligible for the sweepstakes, orders must be received by midnight 11/30/96. (2) You may also enter by completing the "Dream Machine" Sweepstakes Courtesy Reply Card located in our catalog, a magazine or other publications and mailing with first class postage affixed in an envelope, if necessary, or by hand printing your name, company name, and address (including Zip Code) on a 3" x 5" piece of paper and mailing in a hand addressed #10 envelope, with first class postage affixed, to: Creative Computers' Dream Machine Sweepstakes, 914 South Hoover Street, Los Angeles, CA 90006. Limit one entry per envelope. No mechanically reproduced entries permitted. Entries must be postmarked by 11/30/96 and received by 12/6/96. (3) You may enter by depositing your completed entry in the receptacle provided at a participating Creative Computers retailer by close of business, 11/30/96. (4) You may enter by following all the instructions provided on the Creative Computers Web Site. The Creative Computers Web Site can be reached via the following URL's: http://www.creativecomputers.com; http://www.macmall.com; http://www.pc-mall.com.

RANDOM DRAWING: Winner will be selected in a random drawing on or about 12/20/96 from among all eligible entries received by D. L. Blair, Inc., an independent judging organization whose decisions are final. Prize will be awarded and winner notified by mail. Odds of winning will depend upon the number of eligible entries received.

PRIZE & APPROXIMATE RETAIL VALUE: One Grand Prize of a Porsche 986/Boxster ($50,000.00) will be awarded.

GENERAL RULES: Open only to residents of the U. S. who are 21 years or older at the time of entry. Employees of Creative Computers, Inc., their affiliates, subsidiaries, advertising and promotion agencies and the immediate family members and/or those living in the same household of each are not eligible. Void where prohibited by law. Not responsible for lost, late, misdirected, mutilated or illegible entries, entries not received in time for the random drawing, or mistranscribed entries or faulty telephone transmission. Winner may make no substitution or transfer of prize. All federal, state and local taxes, insurance, licensing, registration and title fees are the sole responsibility of winner. All federal, state and local laws and regulations apply. Potential winner must execute any required Affidavit of Eligibility/Release of Liability/Prize Acceptance form within 15 days of attempted notification. Noncompliance within this time period may result in disqualification and an alternate may be selected. Return on any prize notification as undeliverable will result in disqualification and an alternate will be selected. Sponsor reserves the right to substitute prize of equal of greater value. Acceptance of prize constitutes permission to the sponsor and its agencies to use winner's name and/or likeness for purposes of advertising and trade without further compensation, unless prohibited by law. By participation in this promotion, entrants agree to be bound by the Official Rules and the decision of the judges. For name of winner, available after 2/15/97, send a separate, stamped, self-addressed #10 envelope to: Creative Computers Winner, P.O. Box 4848, Blair, NE 68009.

CREATIVE COMPUTERS' MacMall YOUR MAC SUPERSOURCE!

Your MacMall Bill of Rights

1. You have the right to a MacMall 24 hour hotline

Toll free, 24 hours a day, 7 days a week. MacMall Hotline is there when you need it. You can order the products you want right away, at any time, day or night.

2. You have the right to a 30/60/90 Day Money Back Guarantee

Many products inside the MacMall catalog have a 30, 60 or 90-day money back guarantee. They're identified throughout the catalog. If you'd like to return one of these products, just call our customer service representatives and we'll take care of it right away.

3. You have the right to Best Buys

MacMall brings you more best buys on hardware, software and peripherals. Look for our special "bug" to take advantage of the lowest prices and highest values for your money.

4. You have the right to a Fast Delivery Service Guarantee

Get your products when you need them! MacMall can deliver your order by 10:30 am the very next day. In fact, if you choose overnight shipping and it doesn't arrive when promised, the shipping charges are on us! See below for details about our shipping policy.

5. You have the right to a Corporate Leasing Program

Full business and corporate leasing programs are available. No matter what size your company, we'll put together a leasing program that's right for you. Call one of our corporate sales representative for details.

6. You have the right to Verified Low Prices

With our enormous buying power, we're able to drive some hard bargains. We constantly make great deals. . .and then pass the savings directly on to you.

7. You have the right to New Products, Prices, and Versions

MacMall offers you the newest products on the market. Whether it's the latest version of an old favorite or a hot new product, you'll find it in our catalog. Plus, we're always lowering prices, so keep your eyes peeled for the greatest savings!

8. You have the right to a Wide Selection

MacMall is the largest Apple® Macintosh® full-line mail order SUPERSOURCE! We offer the largest selection of Apple products and peripherals. If you don't see what you need in the catalog, call us! We probably have it in stock.

9. You have the right to a Custom Configuration

Have your system configured exactly the way you want it. Our award-winning technicians will custom configure your system for you. Just take your new system from the box, plug it in and you're in business.

10. You have the right to Award-Winning Customer service & Technical Support

The answers to your questions are just a TOLL FREE phone call away! Our customer service and technical service representatives are very knowledgeable about the products we offer and would be glad to help you with your purchase.

MacMall Policies

PAYMENT METHOD: We accept VISA, Mastercard, Discover , American Express and the Creative Computers MALL CARD™. We will not charge your credit card for an item until it is shipped. Credit card orders shipped to other than your billing address may require additional verification. Purchase orders are accepted for corporate, educational and government orders — call our Corporate/Education Sales Department at (800) 552-8883. We do accept C.O.D. orders; call for more information. C.O.D. charge is $6. Make checks or money orders payable to MacMall. Include applicable sales tax and shipping costs. Sales tax is charged only on shipments to California and Tennessee. Call for sales tax calculation.

SHIPPING: We ship by FedEx® or by UPS, in the United States. We use DHL to U.S. Territories, Canada and other foreign locations. We use U.S. Mail for APO and FPO addresses. All U.S. shipments are insured at no extra charge. Shipping costs may be based on average/estimated weights and may vary from actual shipped weight. Call for accurate shipping costs. FedEx® - Shipping via FedEx in the contiguous U.S. is only $3 for the first 5 lbs. and $1 per pound for each additional pound. Extra charge for Alaska and Hawaii. Phone orders placed and credit approved by 10:00 pm (EST) weekdays for items in stock not requiring configuration for delivery to the contiguous U.S. will ship that same day via FedEx Priority. FedEx Priority provides delivery by 10:30 am the next day in areas where available. Phone orders placed and credit approved by 8:00 pm (EST) on Saturday for items in stock not requiring configuration for delivery to the contiguous U.S. will ship that same day via FedEx Priority for Monday morning delivery. UPS - UPS ground shipping is available

PRICES AND AVAILABILITY: Because of the fast-moving nature of our industry, prices and availability are subject to change without notice. If a product is not in stock when you call to order (for example, not yet available or sold out), we will do our best to let you know and to let you know when we anticipate the product will be available. Anticipated delivery dates are dependent upon vendor supplies and other factors and are subject to change.

LEASING: All lease payments are exclusive of applicable taxes. Minimum leasing payment is $50 a month. All leases require an administrative fee of $49.95 to be billed on first invoice.

TYPOGRAPHIC, PHOTOGRAPHIC AND TECHNICAL ERRORS: We do our best to be accurate but occasionally mistakes do occur. We are not responsible for any typographical, photographic or technical errors. We will try to advise you of any such errors affecting your order at the time you place your order. NOTE: Products and packaging depicted may differ from stock available at time of shipment; we reserve the right to substitute equivalent items.

UPGRADES: Competitive and version upgrades require proof of purchase of qualifying software.

RETURN POLICY: Money Back Guarantee (MBG) applies only to products designated by our MBG logo in the catalog. Products covered by a MBG will gladly be accepted for return within 30, 60 or 90 days, as specified by the MBG. All other purchases are final, unless product is defective. Defective products are exchanged within 30 days from receipt (no refunds or credit), except for Apple® hardware which will be repaired and returned to you. You may call Apple Computer, Inc. directly at 1-800-767-2775 for defective Apple® products. Defective software products may be exchanged for the same title only. Defective returns must be 100% complete, in original and resalable condition, with all packaging, manuals, registrations card(s) and software. Shipping charges are not refundable. Products accepted for return as exceptions to our policies will be subject to a restocking fee of at least 15%. NO RETURNS ACCEPTED WITHOUT A RETURN AUTHORIZATION NUMBER. To request a return authorization, call our Customer Service Department at (800) 560-6800 and follow the directions on your packing slip.

120MHz Multimedia PowerHouse!

Do we have a Power Mac™ for you! The Power Mac 8500 is the ultimate multimedia machine. It's packed with a 120MHz RISC-based PowerPc™ 604 processor, so it can tackle your digital video, media authoring or content creation with ease and perform your complex tasks at warp speed. Plus, it has super-easy processor upgrades so you'll always have the speed and power you need for multimedia project.

It has built-in, high-performance SCSI for faster data transfer. Its built-in Ethernet delivers faster data transfer over your network. Its 2 MB of VRAM (expandable to 4MB) offer you incredible graphic quality and brilliant colors (supporting resolutions of up to 1280x1024). And it boasts built-in digital video-input/output capabilities for your own media authoring. Just look at all you can do with a Power Mac™ 8500:

- ➤Create your own videos with unparalleled Mac video quality—it supports 24-bit video for millions of colors
- ➤Hook up your Power Mac 8500 directly to an NTSC television monitor for big screen video showings
- ➤Easily edit input from S-video sources such as high-end camcorders and composite video (used in many consumer VCRs)
- ➤Add a DAV 2 expansion card which can accommodate third-party video-compression hardware
- ➤Select from multiple audio and video input sources from within the Sound & Displays control panel
- ➤Produce your own corporate training videos and multimedia presentations
- ➤Capture 24-bit, 320 x 240 pixel video at a blinding 30 frames per second

Plus, the Power Mac™ 8500 has three PCI slots which support six SCSI devices, so you'll always be able to grow your system. Order your 8500 today. And you could be producing your next movie, video or high-tech multimedia presentation by tomorrow.

The Apple® Power Macintosh® 9500 is the Fastest Mac™ Ever! 132MHz, Fully-Expandable & Ready to Gobble-up Work!

Now is the best time to order a Power Macintosh 9500/120 and 9500/132! MacMall is listing them at the best prices ever. The 9500s are Apple's fastest, most flexible computers. Their lightning-fast RISC-based PowerPC 604 processor makes them perfect for computation-intensive tasks such as media authoring, publishing, software development, and a variety of technical uses. You get six PCI expansion slots, for outstanding flexibility when configuring your system for additional capabilities. You'll get a huge 16MB's of RAM, expandable to 768MB's. And their secret weapon is their speed! In fact, when tested running scientific and engineering applications, the Power Macintosh 9500/132 was more than 80 percent faster than the 120-megahertz Pentium processor-based PC tested. Plus, you get an internal 1GB or 2GB fast SCSI hard drive and a blazing-fast internal quadruple-speed CD-ROM drive. Order your new 9500 today, and save up to $400.

A MacMall Catalog

> ***"Considering the purchase of a Power Mac™?... We strongly recommend that you take a serious look at what Power Computing has to offer!"***
>
> *—Mac User August 1995*

Now you can save money and still get the same features of a Power Mac™. In fact, the only thing missing on the new Power Computing 120 system is the Apple® logo. That's how similar the New Power Computing 120 family of computers are to their Macintosh® counterparts. However, there is one MAJOR distinction. The PRICE!

Power Computing's engineering breakthrough enables you to own a powerful, cost-effective alternative Macintosh for as low as $1399. Plus, when you order any Power Computing 120 system you get $900 in software absolutely FREE!

Based on the lightning-fast PowerPC™ 601 microprocessor, the Power 120 matches its higher-end Apple counterparts in all performance categories. Look at all you get: a 120Mhz PowerPC 601 RISC microprocessor with integrated floating-point processor and 32K on chip cache, an optional secondary cache, 8MB's of RAM-expandable to 200MB's, built-in frame buffers, dual monitor support AND support for 8-bit display on gray-scale or color monitors up to 17" (256 colors or levels of gray at 832 x 624 resolution). It supports VGA and all Mac™-compatible displays.

You also get built-in Ethernet (AAUI port), 2 high speed serial ports (both can be used with Apple's GeoPort telecom adapter), a built-in speaker, Microphone and headphone jacks and CD quality 44.1Khz 16-bit stereo audio I/O sound.

Plus, each Power 120 includes Macintosh System 7.5, a 100% guarantee of Mac™ OS compatibility and a 30-day money-back guarantee.

You also get three internal NuBus slots, available custom RAM configurations, an optional 4x CD-ROM drive and a robust array of features that make the Power 120 unparalleled in scalability and versatility. To grab a full-blown, 120Mhz Mac™ compatible system for as low as $1399 just call us toll-free. It's the smart, inexpensive and powerful alternative to a Power Mac.

PLUS – You Get $900 Worth of Preloaded Software FREE with Your Power 120 Order!

Introducing The Power Computing PowerCurve™.

It feels like an Apple®. It runs like an Apple®. And it'll blast through any computing task just like an Apple® Macintosh® computer. The NEW Power Computing PowerCurve™ Mac™ OS compatible computer delivers incredible power, flexibility and options for your home or office.

The PowerCurve is packed with a blazing 120MHz PowerPC™ 601 microprocessor to help you race through the most demanding word processing, desktop publishing and multimedia applications. You can use its NuBus™ or PCI slots to add peripherals to your system. Custom configure your own RAM and get a 4X CD-ROM drive for advanced multimedia performance. And each PowerCurve includes Macintosh® System 7.5.2 and a guarantee of 100% Mac™ OS compatibility. Power Computing even offers you toll-free lifetime technical support for your new computer.

Plus, you enjoy tons of included bundled software, like Nisus Writer, ClarisWorks, a 60-day trial of Insignia's SoftWindows, Intuit's Quicken, Now Up-To-Date, Now Utilities, Now Contact, Grolier's Multimedia Encyclopedia, Launch, The Animals! and the U.S. Atlas and World Atlas.

We invite you to try a new PowerCurve risk-free for 30 days. Just call us toll-free to order. If, at the end of 30 days, you can bear to part with the PowerCurve's speed, power and convenience, simply return it to us for a courteous refund.

A Guide To Choosing The

Authorized
Catalog Reseller

We've got a Macintosh® to fulfill your every computing desire! On these two pages, you'll find a vast selection of Macintosh computers for every type of user, from the portable PowerBook for globe-trotting business folks to ultra-powerful multimedia machines.

Take our selection of Performa® computers, for example. They're the perfect family Mac—feature-packed with CD-ROM drives for multimedia fun and learning, Apple® color displays and data/fax modems for super-easy Internet surfing.

Our Power Macintosh® selection includes everything from 75MHz entry-level machines to lightning-fast 132MHz Powerhouses with generous allotments of RAM and huge hard drives for all your multimedia, graphics and desktop publishing tasks. If you need to take your work on the road, our PowerBooks, range from economical PowerBook® 150s to speedy 100MHz models.

And finally, you might want to take a closer look at our selection of Power Computing Mac™ OS compatible computers. You can choose from a 120 to a 150MHz (wow!) 604 processor with optional 4x CD-ROM drives and much more.

Plus, because MacMall is an authorized Apple® reseller, you can have your new computer custom-configured by our Apple® authorized technicians. So you won't void your warranty when you have us add more RAM or extra features!

We invite you to look over our easy-to-read charts, then call us toll-free to ordertoday. And you could have your dream machine delivered to your door tomarrow.

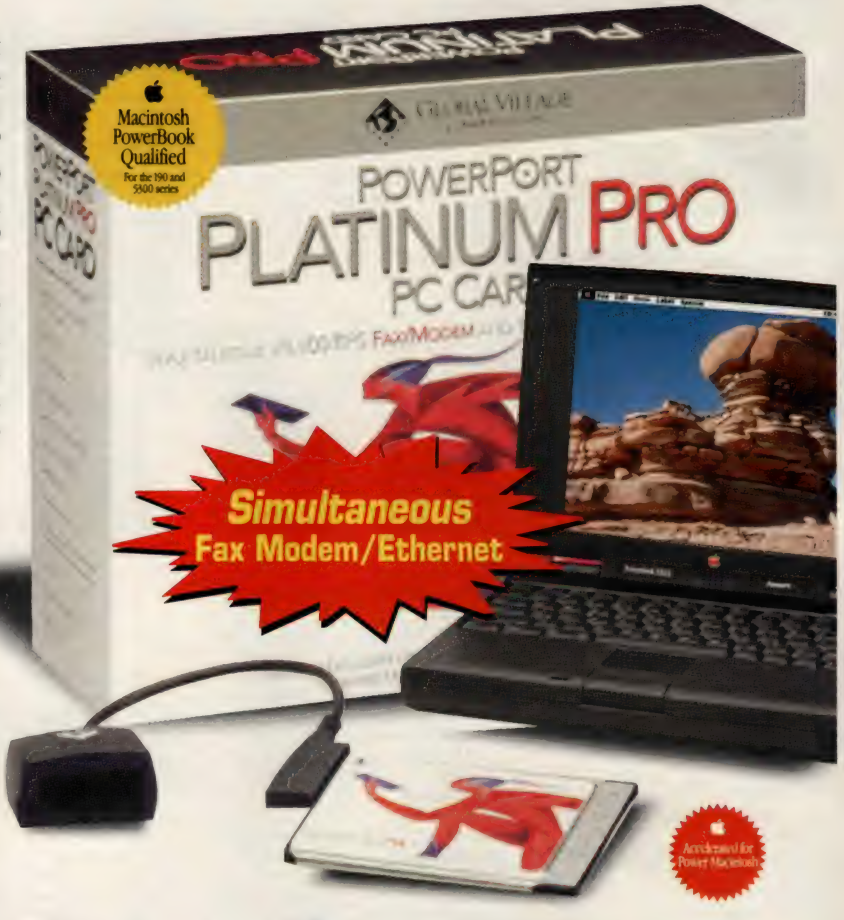
Meet the Easiest Way to Connect to the World from Your PowerBook®!

Take advantage of the industry's best communications solution for mobile computing by adding a Global Village PowerPort™ PC Card to your Apple® Macintosh® PowerBook® 190, 500* or 5000 series. These powerful, portable PC Cards are designed exclusively for Macintosh® computers to provide ease of use, exceptional software, and superb performance. Connect the PC Card to a telephone line and you can instantly send and receive faxes, access on-line services and the internet, and connect to remote networks.



Macintosh PowerBook Qualified
For the 190 and 5300 series
GLOBAL VILLAGE
POWERPORT PLATINUM PRO PC CARD
Simultaneous Fax Modem/Ethernet
Accelerated for Power Macintosh

Plus...

GlobalFax™ software!

The Award-winning GlobalFax™ software makes using your PowerPort™ PC Card as easy as using your PowerBook®.

- Smart Dialing. You can fax from different area codes without editing your address book.
- Calling-card support. You can charge your fax calls to your telephone calling cards.
- Accelerated for Power Macintosh®.
- Supports QuickDraw™ GX software.

PC Card Enhancement software!

Thanks to this exclusive software, your PowerPort™ PC Card delivers exceptional productivity and performance.

- Simultaneous modem and Ethernet. The PowerPort Platinum™ Pro lets you use your modem and connect to your office Ethernet network–simultaneously.
- Maximum Throughput setting. The PowerPort™ PC Card is automatically configured to send data at up to 115.000 bits per second (bps).
- Technical status menu. This simulated LED menu-bar display conveniently provides detailed information about your modem connection.
- Automatic card detection. You can use your PowerPort™ PC Card in either PC Card slot without reconfiguring your software.
- Enhanced hot swapping. You can eject and swap PC Cards without restarting your system or relaunching any software.
- QuickLauncher. You can access all of your communications software with one click of your mouse button.

Macintosh System 7.5
Macintosh System 7.5
It's powerful, it's easy to use—it's the new operating system for your Macintosh.

System 7.5 Adds Advanced Features (and keeps its friendly Interface)!

Upgrade for Only $98.99

Now you can enjoy all the convenience of the most advanced operating system available! System 7.5 delivers the easiest access to your documents and recently used applications through the Apple® menu. You can take advantage of enhanced desk accessories and tools. And create custom desktop solutions using AppleScript®. Plus, its incredibly friendly user interface helps you work faster, smarter and easier than ever before.

Improved Performance and Efficiency

- Easy access to recently used documents from the Apple® menu.
- Take advantage of enhanced Apple® desk accessories and tools.

Interactive Assistance and Customization

- Get step-by-step assistance with Apple® Guide.
- AppleScript® creates custom solutions (version 1.1 included).

Multimedia Capabilities

- Use QuickTime® software to integrate video, animation and high-quality still images, and sound into all types of documents.

Collaborative Technologies

- Exchange electronic mail using PowerTalk® software.
- Connect to TCP/IP hosts - including ones on the Internet.

Macintosh® System 7.5

Meet the Apple® StyleWriter®! Compact, High-Resolution B&W (and Color) Printing...for Less!

MACWORLD MW EDITORS' CHOICE April 1994

Apple® StyleWriter® 1200

Designed to fit into even the smallest of work spaces, the Apple StyleWriter 1200 provides a convenient, quiet, personal printing option—but with advanced features. It produces output with impressive quality, offering 720 x 360-dpi resolution for edge smoothing on black-and-white pages and 360 x 360-dpi resolution on pages containing grayscale images. And it prints quickly—three pages per minute for black-and-white pages in normal mode.

- 720 x 360 dpi resolution with edge smoothing
- 360 x 360 grayscale resolution
- Up to three pages per minute
- Small, attractive design
- 64 Apple TrueType® fonts
- Desktop printing software provides "drag and drop" printing by automatically creating desktop printer icons

$269 **#69390**

Ink cartridge included. (Cable not included.)

- QuickDraw™ GX support
- High speed serial interface
- Up printing and Watermark support
- Printer sharing using GrayShare® printing software
- Exceptional paper handling that includes plain, premium, and glossy papers, transparencies, back print film, and envelope support

Buy a PowerBook® and any Apple® StyleWriter and get $150 rebate from Apple. See pages 2-3.

Announcing NEW LOW PRICES on the Memory You Need the Most!

Your MacMall Memory Upgrade Guide

How to Order the RAM That's Exactly Right for Your Computer

Probably the single best investment you can make in your computer is adding more memory.

Installing more RAM means you can run the latest memory-hungry applications and take advantage of all of their advanced features.

And, with more memory in your computer, you'll find multitasking is much easier.

Generally, you'll also find everything speeds up. So you get lots more done in lots less time.

If you use the handy charts below (and on the next two pages), choosing the right SIMMS and DIMMS for your machine is pretty easy. Just follow these simple steps.

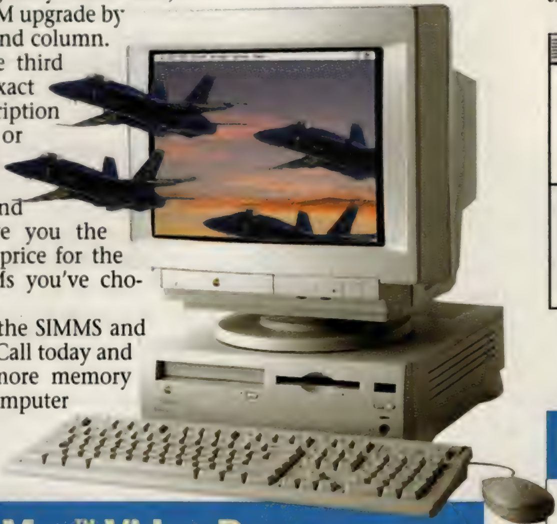
1. Locate your computer model in the first column of the chart. (The number in parentheses below your model name is the amount of RAM your computer originally came with.)

2. Choose your RAM upgrade by looking at the second column.

3. Then check the third column for the exact number and description of the SIMMS or DIMMS you'll need.

4. The fourth and fifth columns give you the item number and price for the SIMMS and DIMMs you've chosen.

5. Call us to order the SIMMS and DIMMs you want. Call today and you could have more memory installed in your computer by tomorrow.



Mac™ Video Ram

Description:	Price	Part #
256K VRAM	$19 ...	#55831
512K VRAM	$39	#60488
1MB VRAM DIMMs/112pin/64-bit ...	$99	#74332
2MB VRAM for Power Mac™9500 Model	$239	#74050

What Exactly is VRAM and Why Do I Need It?

VRAM is Video RAM. Install more VRAM in your Mac™, and you'll see more colors on your monitor . Your reds will be brighter, your blues will range from royal to robin's egg and every shade in between. VRAM is must for anyone interested in color and design.

SIMM Remover Tool

Safety first! This convenient tool makes installing and re-moving SIMMs a snap! It's much safer and infinitely-easier than installing them by hand.

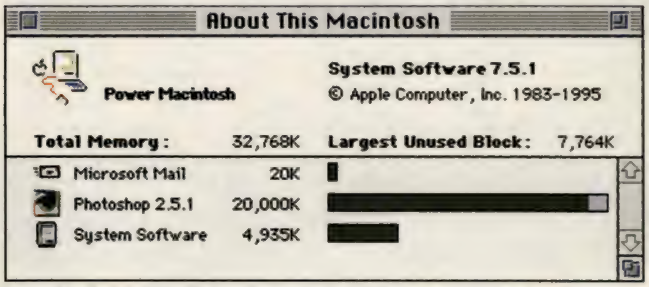
$9.99 #66126

How To Determine How Much RAM You Already Have

Your computer's current RAM information is only a couple of mouse clicks away.

First, go to the Finder and pull down the Apple® menu. Select "About this Macintosh®" at the top of the list.

A box will come up that tells you the type of Mac™ you have, the system software version you're running, your "Total Memory" (RAM), your "Largest Unused Block" (Unused RAM), and exactly how much memory your system software and each open application has reserved. It's that easy.



About This Macintosh

Power Macintosh

System Software 7.5.1

© Apple Computer, Inc. 1983-1995

Total Memory: 32,768K Largest Unused Block: 7,764K

Microsoft Mail	20K	
Photoshop 2.5.1	20,000K	
System Software	4,935K	

Find your "Total Memory" in the "About this Macintosh®" Window then see the charts below and on the next two pages for a complete listing of SIMMs and DIMMs

MacMall's Top-Selling SIMMs & DIMMs

MacMall Recommends these Top Selling SIMMs for Your NEW Performa®

Size:	Speed/Descrip.	Price	Part #
4MB	72 pin/32-bit/80ns SIMM.	$139 ...	#4468
For Your NEW Apple® Macintosh® Performa® 631, 640, 5215, 6200, 6220, 6110CD, 6112CD, 6115CD, 6116CD, 6117CD or 6118CD,			
8MB	72 pin/32-bit/80ns SIMM.	$289 ...	#4177
For Your NEW Apple® Macintosh® Performa® 631, 640, 5215, 6200, 6220, 6110CD, 6112CD, 6115CD, 6116CD, 6117CD or 6118CD,			
16MB	72 pin/32-bit/80ns SIMM.	$589 ...	#65416
For Your NEW Apple® Macintosh® Performa® 631, 640, 5215, 6200, 6220, 6110CD, 6112CD, 6115CD, 6116CD, 6117CD or 6118CD,			

MacMall Recommends these Top-Selling DIMMs for Your NEW Power Macintosh®

8MB	64-bit/70ns DIMM	$299 ...	#72645
For Your NEW Apple® Power Macintosh® 7200, 7500, 8500 or 9500			
16MB	64-bit/70ns DIMM	$639 ...	#72646
For Your NEW Apple® Power Macintosh® 7200, 7500, 8500 or 9500			
32MB	64-bit/70ns DIMM	$1119 ...	#72647
For Your NEW Apple® Power Macintosh® 7200, 7500, 8500 or 9500			

Your MacMall Memory Upgrade Guide

Macintosh® Quadra® Series

Model:	To Upgrade RAM to:	You Should Purchase	Price Each: (Not Total $)	Qty/Part #

BUYER BEWARE!

A Few Well-Chosen Words to the Wise About Buying Memory.

These days, buying memory is a lot like playing the stock market. Prices fluctuate almost on a daily basis. Don't be fooled by screaming colors and the overhyped "we-have-the-lowest-prices-on-memory" advertising used by some companies. We believe we have some of the best prices on memory that you'll find. We invite you to shop around. Then call us. We think you'll be pleasantly surprised by our everyday low prices.

Welcome to MacMall's Memory Hotline, offering you the highest quality Mac™ memory products!

What's New with the Apple® Newton® MessagePad™ 120 with Newton® 2.0?

For Newton MessagePad 100 or 110 owners, receive a $100 REBATE!

You can use its address book to organize your contacts. Find information in a flash using its "Rolodex" style tabs. Plan your appointments with its calendar feature and schedule them easily using its clock interface. Its new Call Log helps you track all your phone correspondence. You can conveniently carry your important electronic documents as Newton Books on your MessagePad. And Newton 2.0 delivers robust communications features, like faxing, universal in/out box and a modem enabler for popular cellular and landline fax modems. Plus, its interface is even more intuitive and consistent, with bolder fonts, screen rotation, integrated help functions and much more. Order your MessagePad 120 today. And organize your business and personal life the easy way.

Newton™ MessagePad™

It's a whole new Newton! The MessagePad 120 includes the NEW Newton 2.0 OS, for truly advanced information management. You can seamlessly integrate with Windows™ and Mac™ OS computers.

Apple Newton MessagePad 120

- Save your ideas - and find them again instantly
- Store hundreds of names and addresses
- Plan ahead - no more missed appointments
- Keep your priorities straight - list them!
- Connect to your computer
- Keep in touch via fax, infrared beaming and paging
- Teach Newton® to read your writing
- Customize your MessagePad™ with software titles and accessories
- Add a Newton® Keyboard

PLUS!

- New 2.0 Operating System
- Pocket Quicken
- Newton® Back-up Utilities

Review in MacUser UK
(3/31/95, vol11 №7)

Mach 10 Jet

Now Available for Q605,LC/P475 & Q/LC/P630

25%-40% Speed Increase

The Mach 10 Jet is a simple Plug-in-and-play accelerator for a wide variety of Macintosh® computers. It consists of a mounting clip (the Mach 10 Jet itself), and an interchangeable clock chip. Also supplied is a fan and/or heatsink if your model of Macintosh® requires extra cooling.
The Mach 10 Jet mounts on the clock chip inside your computer. It doesn't use any Nubus™ or PCI slots. Since it is a hardware solution that requires no external software, it is totally compatible with all software designed to run on your Macintosh®.
With the Mach 10 Jet you will see a noticeable speed improvement as soon as the machine is restarted. The bootup sequence is faster, windows fly open, and all applications run faster. You will notice speed increases in all CPU intensive tasks screen redraws and scrolls. In some cases it is almost as if you have bought a new machine.

66 MHZ 68040 Starting At Only $^{\$}299^{99}$

MicroMac introduces the 68040 Carrera040 66/80 MHz accelerators for the IIci, IIsi, IIcx & IIx with optional 128k Cache Card and FPUs, adapter boards included!

Just plug in the Carrera040 accelerator and instantly get blazing performance from your existing Mac™. It's the smartest, fastest, and most economical way to get a hot new Mac™ without buying one. You'll see a boost of up to six times, outpacing the Power Macintosh® when running your existing software. The Carrera040 for the IIci plugs directly into the Mac™ IIci's processor direct slot (PDS), the Carrera040 for the IIsi installs with an adapter that plugs into the Mac™ IIsi's expansion slot and the Carrera040 for the IIcx/IIx installs with an adapter that plugs directly into the Mac™ IIcx/IIx's CPU socket. All the adapter boards are included at no extra cost. The Carrera Turbo 128K Cache Card plugs directly on to the Carrera040 accelerator and increases the speed of your accelerated Mac™ by 25% for only an additional $99.99.

LC, LCII (& Performa® 400/405/410/430) Accelerators to bring your Mac™ up to Speed!

For only $138.99, you can still get the 32MHz 68030 Thunder accelerator with FPU and increase your Mac™ CPU's speed by up to 170% and math calculations up to 400%. AND you can get the 32MHz 68030 ThunderCache accelerator with 32KB Cache and increase your Mac™ CPU's speed up to 220% for $199.99. The ThunderCache accelerators are available with optional 32 MHz FPUs. But now you can get the 32MHz 030 ThunderPro or ThunderCachePro accelerators with 4 SIMM sockets on-board. Load the sockets with four 1, 2, or 4MB SIMMs and break the 10MB barrier! And for the ultimate in performance the ThunderCachePro is available at 50MHz for a 350% speed increase. All these accelerators are available with FPUs.

PowerClip for Power Mac™ 9500, 8500

Newer TECHNOLOGY™

A new member of the PowerClip family of award-winning accelerators, the PowerClip is a slotless, variable-speed accelerator for Power Mac 9500 and 8500s. The PowerClip offers selectable speeds from 120MHz through greater than 160MHz. The PowerClip makes acceleration simple because it's custom made for CPU daughterboards shipped with Power Mac™ 9500s and 8500s, and the slotless design does not block any expansion slots!

Fast!SCSI Mac™ PCI Adapter Cards

The Fast!SCSI Mac™ PCI adapters deliver top SCSI performance to PCI-based Power Macintosh® systems and servers. The cards are ideal for desktop video, high-end imaging and desktop publishing applications. Use Fast!SCSI Mac™ PCI-N for Fast SCSI-2 (10 MB/sec) connectivity. Use Fast!SCSI Mac™ PCI-W for Fast and Wide SCSI (20 MB/sec) connectivity. Where longer I/O cables are required for SCSI connections, the Fast!SCSI Mac™ PCI-W/D is the card of choice.

FEATURES:

- 12-MIPS I/O processor
- Faster design
- High data throughput
- Software support for SCSI Manager 4.3 and System 7.5 or above
- Ease of installation
- Responsive tech support
- 5 year warranty
- Includes Anubus SCSI utility Software
- Requires PCI-based Power Macintosh® system and System 7.5 or above.

MacWEEK ◆◆◆◆◆

The heart of the TwinTurbo–128M is a new single chip graphic accelerator designed by IMS. This board delivers unprecedented speed in 24–bits per pixel mode. Unlike other graphic accelerators in the Macintosh® marketplace, the TwinTurbo–128M with 4MB of VRAM also offers dramatically improved performance in 8–bit and 16–bit display mode. And the TwinTurbo–128M supports on–the–fly resolution switching when used with a multisync monitor.

- 100MB/sec sustained image update rate
- 160MB/sec sustained image scroll rate
- Up to 2GB/sec color fill rate
- Real–Time Video Playback Acceleration w/Scaling Hardware
- Resolution from 640x480 to 1600x1200
- Pan/Zoom
- 4MB VRAM

Everything You Expect In A High-Quality Mac™ Monitor (Except The High Price!)

You probably know RasterOps® as one of the most respected names in Mac™ graphics. But you may not know that Hitachi has been building monitors for OEMs like Apple®, Radius™, and SuperMacs for years. Top performers like the display in SuperMac's Press View™ system, which Macworld voted best 2-page display and MacUser judged Best New Display Product of the Year. With the new RasterOps® SuperScan family, you'll get the same premium quality and performance. But you won't pay the premium price!

NEW! 36-Bit PowerLook II Pro

w/Transparency Adapter, Adobe™ Photoshop™ 3.0, Wordlinx, and Corel CD

The best just got better! The NEW PowerLook II features 36-bit color data capture for over 68.7 billion colors. It's armed with a density range of 0.1 to 3.3 D, for the richest and sharpest images. You can use its Ultra View Technology (with resolutions up to 9600 dpi) for brilliant enlargements. And it's so fast that you can scan a 600 dpi, letter-sized, full-color image in as little as one minute. Plus, it includes a FREE transparency adapter that can enable you to scan transparent images up to 8.3" x 10." And it even includes award-winning MagicScan software and Kodak Color Management System software, too!

Enjoy 35,000 Hours of Scanning with the ViewStation Scanner.

Ultima ViewStation Scanner w/Adobe™ Photoshop™ LE and WordLinx

ARTEC

The ViewStation is a 24-bit color scanner which produces distortion-free images with up to 16.8 million colors. ViewStation eliminates the lamp burnout problem of traditional scanners, by replacing the conventional 300 - 500 hours hot cathode fluorescent lamp with a Cold Cathode Fluorescent Lamp which will last for 35,000 hours. It delivers a resolution up to 2400 x 2400 dpi and a full legal sized, 8 1/2" x 14" scanning area. Plus it comes bundled with Adobe™ Photoshop™ LE and WordLinx.

Read your scanner's status using its intelligent Liquid Crystal Display.

Scan 30 Bits of Color–Up to 2700 DPI—in Under a Minute!

MONEY BACK
30
DAY
GUARANTEE

SprintScan 35 scans 35mm slide format, positive and negative, color and black-and-white, mounted or unmounted.

Low-cost, high-quality image acquisition and unmatched scanning speeds make SprintScan 35 the ideal desktop solution for graphic arts departments, desktop publishers, prepress service bureaus, short-run commercial printers, presenters and image analysts.

➤ Unsurpassed Image Quality
SprintScan captures 10 bits per color (Red,Green, Blue) and delivers the best 24-bit file in resolutions up to 2,700 dpi.

➤ Better Image Detail
With a dynamic range of up to 3.0, higher than other scanners in its category, SprintScan 35 detects a broader gamut of colors, and gives you better shadow detail.

➤ High Speed
Save time and money scanning slides in under a minute at maximum resolution. With proprietary CCD sensor technology.

➤ Compatibility
SprintScan 35 uses a SCSI-2 computer interface and is compatible with Macintosh® or Windows™ systems. SprintScan 35 includes an Adobe™ Photoshop™ Plug-In utility for Mac™ and TWAIN Driver and Scanning utility for Windows™.

Twice the Speed (and 35 MB More Capacity) for Your Removable Storage Dollar!

135 MB
SyQuest

NOW ONLY $239.99* #73549

With its 13.5 millisecond access time and a 2.4 MB per second sustained transfer rate, SyQuest® claims it's twice as fast as its competitor. For storing your data, it uses removable 135MB cartridges—35 MB more storage capacity than its competitor. You can store your data files in a matter of minutes and carry them anywhere. It makes backing up all your critical data a snap, too. Best of all, when you order one from us, we'll include a free cartridge.

APEX 4.6 MB™ OPTICAL HARD DRIVE

The fastest, high capacity optical drive ever!

Apex 4.6 GB™
$1,599.99 #74790

Pinnacle's revolutionary Apex 4.6 GB optical hard drive signals the dawn of a new era in computer storage. The Apex is faster than the average hard drive, yet offers a lower cost-per-megabyte than hard drives of equal size. With its enormous 4.6 Gigabyte capacity per removable disk, the Apex guarantees virtually endless capacity - just add another disk. Removable media also allows for convenient portability as well as data security. Boasting a thirty-year shelf life, the Apex's reliability and durability makes magnetic hard drives obsolete.

Whether you need a storage device for graphics, desktop publishing, digital audio or digital video, data archiving, or just general data storage, the Apex offers the best combination of price and performance available.

The Apex is available in a unique, stylish external case, including LCD display.

INCLUDES ONE FREE CARTRIDGE!

TAHOE 230 MB™

Award-Winning. Weighs only 1.8 lbs. Exceptionally quick access time. 3600 RPM speed. Complies with industry standards for easy data exchange. Capacities are virtually unlimited due to its removable media which offers 230 MB on a single side and the industry's lowest cost per megabyte.

INCLUDES ONE FREE CARTRIDGE!

With data access speeds up to 28,800 bps and fax speeds up to 14,400 bps, you'll save time and money when you connect to online services and the Internet, access your office network, send and receive faxes and transfer files. Plus, it's FlashROM upgradeable.

➤ Exclusive 28.8 V.34 Performance

You get lightning-fast data transfer rates for sending large documents and files because TelePort Platinum™ is the only 28.8 Kbps fax/modem to allow throughput beyond 57.6 Kbps on standard Macintosh® Quadra® and Centris® computers. Other products require high-speed serial cards to achieve the same level of throughput. And it's the only 28.8 Kbps fax/data modem with a maximum through-put setting for AV and Power Mac™ users so data can be sent at up to 115,200 bps.

➤ Voice/Fax and Fax/Apple® Remote Access (ARA) call handling

You can receive incoming fax calls automatically, even if your answering machine is on. And, if you have a dedicated fax/data modem line, TelePort Platinum™ can distinguish between incoming fax calls and ARA calls—so that you can leave both GlobalFax™ and ARA set to answer calls.

➤ Fax as easily as you print

With award winning GlobalFax™ 2.5 software, you can send a fax from within any application as easily as you can print. GlobalFax™ software sends and receives faxes to the background while you continue working. A convenient menu-bar shows you the status of your fax transmission.

➤ Save time with advanced features

Use GlobalFax™ software to attach a cover sheet, address your document to one or several recipients and schedule when your fax will be sent. Advanced grayscale and fine-line capabilities provide the highest-quality fax output for detailed graphics.

TelePort Platinum™ *Specifications:*

- **Dimensions:** 1.25 x 3.00 x 5.50 in., **Weight:** 10 oz. 285g
- **Macintosh® Interface:** Serial Port
- **Telephone Connection:** Full/half duplex on two-wire, dial-up phone. Rotary and touch-tone. Originate or answer. Auto answer/auto-dial.
- **Connectors:** Two RJ-11 modular telephone connectors. Global Village power adapter. One miniDIN serial connector.

Megahertz
PC Card Modem With XJACK® Connector

Presenting the CruiseCard™ modem from Megahertz—the outlet every new PowerBook® 190 or 5300 series owner really needs. After all, the CruiseCard modem gives you the one-and-only XJACK® connector. Fax and communications software. Digital Line Guard. And the fastest available modem speed, 28.8Kbps. Best of all, the CruiseCard modem comes from Megahertz, the market leader in PC Card modems. In fact, we've shipped more PC Cards than anyone. (Now that's making a statement.) So give your PowerBook® a CruiseCard modem. And give yourself a little freedom of expression. Just call us to order. You (with your PowerBook® 190 or 5300) could be communicating On-Line from anywhere in the world by tomorrow.

That nifty XJACK® connector:
The most rugged connector that simply pops out to connect to any standard telephone cord, then locks back in for travel.

Wondering what to do with that little mystery slot on your new PowerBook®?

PAPERPORT Vx™

The Easiest Way to Get Paper into Your Mac™ and Put it to Work

Just Plug and Go

Installation is a snap! Simply connect to any printer or modem port. No cards required! With PaperPort Vx's exclusive Paper-driven™ technology, there is no on/off button. Just feed in any paper from 2" to 30" long and in seconds, it appears on your screen, ready to be faxed, filed, printed, edited or e-mailed.

Instant Filing

Just drag scanned documents to and from the PaperPort Vx Desktop to file folders on your Mac™– getting organized couldn't be simpler.

PaperPort Links™ Do the Work for You!

PaperPort Links™ seamlessly integrate your paper document with your favorite applications. PaperPort Vx has direct links to hundreds of popular applications.

Free Software! A $249 Value

PaperPort Vx comes with three software packages that make working with paper in your computer even easier. Corex CardScan SE™ lets you turn a pile of business cards into an electronic card-file. Caere OmniPage LITE™ is the latest optical character recognition software which turns your document into editable, formatted text in your favorite word processing program. PictureWorks Copier™ turns your computer and printer into an instant copy machine.

OCR software included!

VISIONEER

Hurry! While Supplies Last!

The original PaperPort comes with MaxMate Document Communication Software, compatible with Xerox Textbridge 1.0 & Caere OmniPage Pro 5.0. Weighs only 2.5 pounds! Cable & Power Supply included.

PaperPort™ .... **$274.99** #66433

Once your document's in, one click will print it. Another will fax it. And a third will OCR it. What could be easier? Fitting comfortably between your keyboard and monitor, PaperPort Vx™ becomes an integral part of your desktop.

PaperPort Vx™ **$359.99** #76217

Requires a Macintosh® with a 68020 or later processor, at least 2MB of RAM (6MB recommended) and System 7 or higher. Power Macintosh® Native!!

"It's as easy as 1 (forget the 2, 3)" – New York Times
"PaperPort™ is one of the most well-conceived products to arrive in a long while." – MacWeek

Port Juggler

Now Shipping Version 3

THE ANSWER FOR PAPERPORT™

PaperPort™ requires a constant connection. If you already have a printer and a modem, you need Port Juggler

4 MORE PORTS:

Connect any four serial devices to one port on your Mac™; Printers, fax modems, label printers, Visioneer PaperPort™, cameras, MIDI, personal digital assistants.

SET IT & FORGET IT:

Port Juggler switches between the devices so you don't have to plug and unplug any cables.

FULLY AUTOMATIC:

Automatically switches to the right port for each device and even turns on the fax software for a fax modem, starts up print spooling for a printer, and activates AppleTalk® for a network printer.

COMPATIBILITY

- Fax modem software: Global Village TelePort, FaxStf, MaxFax, FaxPro, Faxcilitate, SmartCom Fax, MacComCenter, etc.

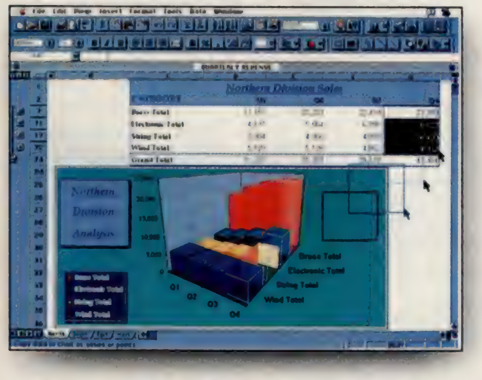
Sizzling Super Deals On

Order Microsoft® Office 4.2.1 plus another Power Mac™ 'essential' and get a $^{\$}50$ rebate!

Office 4.2.1 is packed full of powerful programs. Like seamless linking between applications, so you can write a document in Word, import a graph from Excel and turn it into a persuasive presentation inPowerPoint.

All the programs in Office implement IntelliSense Technology, which recognizes what you want to accomplish, adapts to your work habits and gives you fast, productive results. It'll correct your typos automatically. You can ask it for help in your own words. It even saves you disk space by installing a single copy of a spelling checker, Microsoft® Graph, WordArt and other shared tools.

Plus we'll send you a $50 rebate right now when you order Microsoft® Office 4.2.1 for the Power Mac™ on CD or floppy—plus any one of these other products for the Macintosh®: Connectix® RAM Doubler, Microsoft® Encarta '95 or Microsoft® Bookshelf '95.



Use Excel's Pivot Tables feature to build multi-dimensional views of your data.

The Most Powerful Phonebooks on CD-ROM.

FIND ANYONE, ANYWHERE, ANYWAY YOU WANT!

1996 EDITIONS

95 Million U.S. business & residential listings. Search by any field – name, address, city, state, ZIP code, phone number and SIC code.

Meet the NEW directory standard. Remember how your fingers used to do the walking? *That's now history.* Meet Select Phone, the #1-selling Phonebook on CD-ROM from Pro CD. Select Phone gives you incredible power to *look up, find, locate, call, download and mail* – right from your desktop. On its 6 CD-ROMs you get a whopping 95 million listings you can sort by seven different fields: name, street address, city, state, phone number, ZIP code, even business heading or SIC code. The works! You can tag a listing, then with a single click find all the neighbors on the same street – even in the same office building! And Select Phone's intelligent search technology helps you find listings when you only have part of the name or address – even if you don't know the right spelling! It's the easiest way to look up names anywhere.

Where did my old buddies go? Find them with Home Phone's 80 million listings.

With 15 million business listings on one CD-ROM, Business Phone is great for building lists.

Search by name to track down friends, family and business listings from coast to coast.

AT&T's Toll-Free 800 Directory great for vacation and business travel planning!

Over 200,000 U.S. and Canadian published fax listings on one CD-ROM.

The ultimate BUSINESS tool. If you're in business, you'll love Select Phone Deluxe. Like Select Phone, it's *a list-building machine.* Select Phone Deluxe gives you three extra bonuses. First is a FREE product update – like getting two Select Phone Deluxes for the price of one. Next is a Business-In-One CD-ROM, with ALL the business listings on a single CD-ROM to make nationwide searches quick and easy. And third is the Free Phone – AT & T's entire toll-free directory on another disc. Both Select Phone and Select Phone Deluxe give you unlimited and unrestricted exporting to your word processor, spreadsheet or database, so you can use the listings whenever you need them.

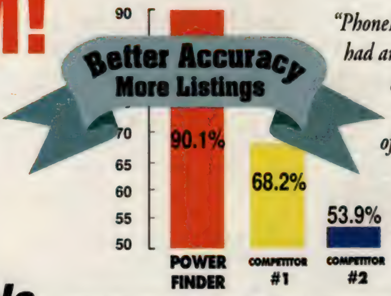
#1 Phonebook on CD-ROM!

"Easily the Best CD-Phone Directory You Can Buy!" -PC World



"PhoneDisc® 95 had an overall accuracy rate of 90.1%

-Computer Technology Review 6/95

Study conducted in conjunction with Lakeside Computer Laboratories. 4/95

Find out why everyone is buying this incredible product with over 100 million listings across the United States!

PhoneDisc PowerFinder . . . . **$98.99** #73989

Everyone's talking about CD phone directories and the overwhelming choice by virtually all the leading computer magazines is PhoneDisc PowerFinder! PhoneDisc PowerFinder is the only CD-phone directory that lets you search **over 100 million** residential and business listings across the entire U.S. instantly, by any criteria you choose! You'll find anyone or any business in a flash! Look up old friends or new business contacts with as little as a phone number or address. Conduct your own direct mail campaign, print labels, or export listings to your favorite data organizer. See for yourself why everyone's buying PhoneDisc!

Business . . . . **$48.99** #74102

All the features and power of our top-rated PowerFinder, for users who only need business listings! Searches by name, address, phone number, business type or SIC code. No other Business directory searches in so many ways.

Business Lite . . . . **$24.99** #74105

All the features of PhoneDisc Business above, without the PowerFinder reverse indexing by address and phone number. Searches by name, business type, or SIC code. Limit those searches by city, state, ZIP or area code.

Combo Pack . . . . . **$64.99** #74103

An affordable alternative to PowerFinder. This 3 -disc set combines PhoneDisc Business and Residential. Perfect for users who don't require reverse searching of residential listings.

Residential . . . **$29.99** #74101

86 million residential listings-more than any other directory! Find old friends, military buddies, trace your family tree, plan a reunion, or even call a long-lost love.

FAX . . . . **$24.99** #74104

Over 250,000 U.S. listed fax numbers. PowerFinder indexing by name, address, fax number, or business type. A MUST for every home or office!

PowerFinder Plus **$149.99** #74106

Eight-disc set. Five PowerFinder CDs for full reverse searching nationwide. Plus, convenient nationwide searching on 1 Business CD and 2 Residential CDs for ultimate search flexibility!

EXCLUSIVE PHONEDISC ADVANTAGES

- *Easiest to use! - Fastest search engine! Only PhoneDisc scrolls through the listings as fast as you can type!*
- *100 million business &residential listings, more than any other directory!*
- ***NEW** Only PhoneDisc exports listings to all popular mapping software programs.*
- *Runs other applications simultaneously - thanks to low memory requirements!*
- *Unlimited exporting & printing to **more** Avery label & envelope formats or contact managers than any other directory! Prints postal bar codes too!*
- *100% of business listings are categorized by business type!*
- *More listings with ZIP +4 (over 80%) than any other directory!*
- *Street Browser™ feature displays all neighbors and businesses on a particular street!*

DRAMATICA
Tools to Fuel the Imagination
WRITER'S•DREAMKIT
Everything You Need to Write the Story of your Dreams!

Tools to Fuel the Imagination™

Aspiring writers take note! Now, for the first time *ever*, the critically acclaimed **Dramatica** software program has been coupled with a writing system that will take you from concept to completion of your story. From developing the dramatic elements to translating those elements to the page, NEVER before has anything like this been available for novelists, playwrights, screenwriters, and fiction writers of all kinds.

ONLY $99^99
#72570

The Dramatica® Software

A Detailed Query System–With Dramatica, you'll explore your intent by answering questions that delve into your story's characters, plot, and theme. Some questions cover the overall plot, or *logical* side of your story, while others cover the *emotional* growth of your characters. Every question includes on-screen tutorial help, examples, and definitions. Dramatica will guide you to creating stories with flawless structure.

The Only Program with a Story Engine
A remarkable innovation, the Dramatica Story Engine lets you directly control your story's dramatics, instantly showing you the overall impact of the story changes you make. You get powerful creative feedback without a formulaic approach.

Build Characters -- Assign motivations to all the characters in your story. You can also see a graphical representation of how your characters relate to one another. There are dozens of character icons from which to choose and help you better visualize your characters.

Other Fantastic Features:

Reports -- print various character, plot, and theme reports to use as reference material for your story. All reports can also be exported to your favorite word processor.

Story Volumes I -- ten detailed story breakdowns of classic novels, plays, and films, including: *Chinatown; Charlotte's Web; The Great Gatsby; Hamlet; Star Wars*; an more.

Story Comparisons -- at the click of a button, see which classic stories share the same structural elements as your story.

The Dramatica Writing System

The Dramatica StoryGuide™: A step-by-step, interactive guide that will hand-hold you through the creation of your entire story using Dramatica. Everything you need to go from concept to completed story will be covered as you build the dramatic elements for your novel, screenplay, short story, etc.

Story WorkSheets™: Use these work sheets as frameworks that blend the power of the Dramatica software and your creative inspirations into flawless blueprints for your story.

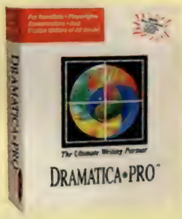
Story Elements Chart™: An overview of all the dramatic components necessary to form a complete story. A "Periodic Table" of story elements.

> *"I had my pitch meeting with a producer... Everything he wanted to know I'd been forced to game out with my ol' friend Dramatica... the program will make your job as a writer not only easier, but more fun. By the way, I got the deal."*
> **Pulitzer Prize Winning Author, David Obst**
> **Wired Magazine**

> *"Calling it brilliant would only diminish its true value to writers of any kind... This is the best software of its kind that you're going to see in this millennium."*
> **Screenwriters Online, Insider Report**

> *"A computer program to help the Steven Spielbergs of tomorrow work their way through writer's block"*
> **CNN, Future Watch**

> *"The most versatile and dynamic program of its kind, Dramatica is a sophisticated and intuitive tool that can benefit both the novice and the professional."*
> **Rating: Excellent -- Writer's Digest**



DRAMATICA•PRO
The Ultimate Writing Partner
DRAMATICA•PRO™

$239^99 **#71744**

Dramatica • Pro ~ The ultimate writing partner -- Dramatica Pro is hands down the most powerful and flexible story development tool around, with TWICE as many story breakdowns and reports as the regular version, plus additional features such as *Brainstorming*, *Story Points*, and the *Theory Exploratorial* (the Dramatica theory book on-line). **The Pro version also comes with more writing accessories:** writers' on-line BBS software; a 90 minute audio tape on Dramatica theory basics; the Dramatica Table of Story Elements; and now for a limited time while supplies last, the *Dramatica Theory Book*. No professional writer should be without Dramatica Pro!

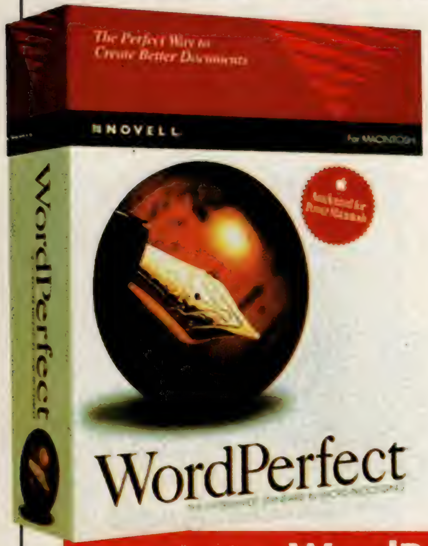
Over 85% of the Academy Award nominations and over 95% of the Emmy awards went to productions that used Screenplay Systems Software! -- Why use anything else?!?

Now You Can Use WordPerfect® 3.5 to Publish on the Web!



The Perfect Way to Create Better Documents
NOVELL
For MACINTOSH
WordPerfect
Accelerated for Power Macintosh

Sure, WordPerfect is a great word processing program. It's fast, powerful and easy to use. But what really sets this new version apart is its innovative Internet publishing tools! It lets you create and read HTML documents without using a 3rd party translator. So it's easy to hop on the World Wide Web and explore, or even design your own home page. When you're busy with word processing, its intuitive interface makes it simple to access all its features, like tables, multiple format columns and spell and grammar checking. Its QuickCorrect feature automatically corrects your typos. And its new Make It Fit feature fits your documents into the number of pages you specify, or you can fit it into one of 85 different document templates. Just call to order it today. If you need it soon, we can ship it to you overnight via speedy FedEx, and you can be publishing on the Web by tomorrow.

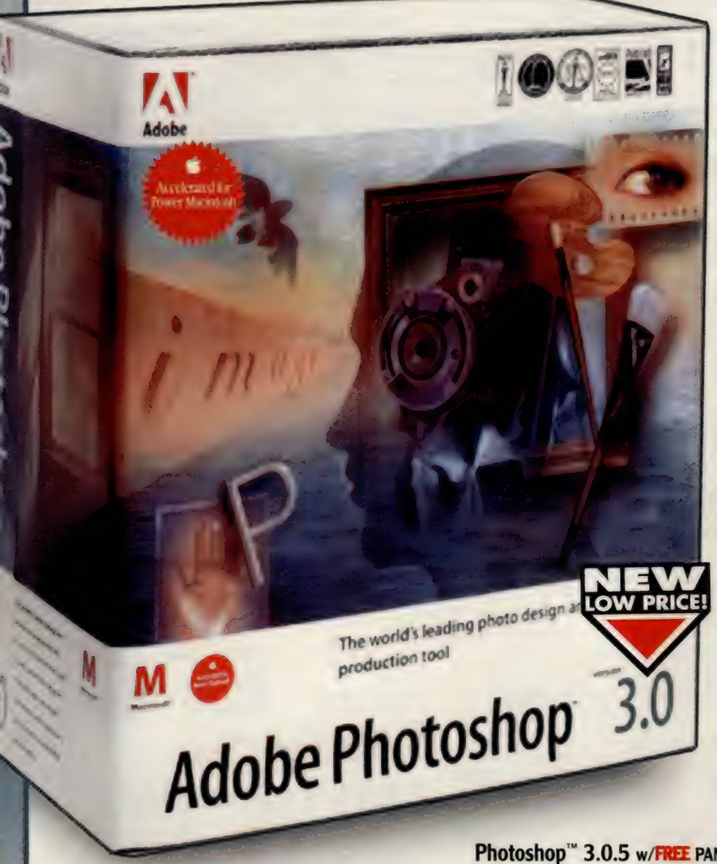
Adobe™ Photoshop™ 3.0.5 is Your Ultimate Image Composition Tool!



Adobe
Accelerated for Power Macintosh
The world's leading photo design and production tool
Adobe Photoshop
3.0

Adobe™ Photoshop™ software is the world's leading photo design and production tool. Now, with version 3.0.5 for Macintosh®, you get more creative and production control than ever. Start with an imported image or a blank page. New layers support makes image compositing easy. You can add dazzling lighting effects. Change color saturation with the new sponge tool. View a "soft proof" of your image, displaying CMYK results. Then, export the image to your page layout program. Adobe™ Photoshop™ 3.0.5 includes a Deluxe CD with interactive user tutorials, stock photography and much more. Plus you get the Type On Call™ CD, the buy-as-you-go version of the Adobe™ Type Library. It's even Power Macintosh native!

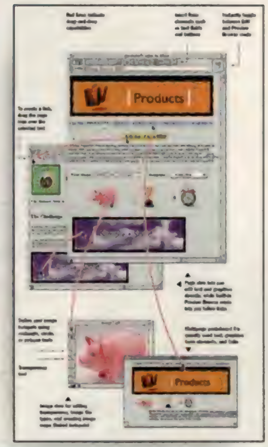
VERSION 1.0
FOR THE MACINTOSH

Adobe PageMill makes Web site creation as fun and easy as Web site browsing!

Design Your World Wide Web Site the Easy Way with Adobe™ PageMill 1.0!



Products
Products

Forget HTML. Forget clumsy word processor add-on tools. And especially forget tedious, error prone Web site creation. NEW Adobe™ PageMill has made them all obsolete! You write your pages in what looks and feels like a "normal" word processor (only this one is Web savvy). You can apply styles, place and resize images and drag and drop parts of your document in foolproof fashion. And create links without checking for continuity as you manipulate your text. Adobe™ PageMill even reads your Web pages, corrects any errors, and produces a site that works perfectly with any Web server or browser. It's an incredibly fast, easy-to-use package. Order your copy today. And join the Web revolution.

Check out these features:

- Edit Web pages directly, without ever seeing HTML.
- Test pages with integrated preview browser.
- Create links without typing URLs or path names.
- Insert and manipulate images within the same program.

FreeHand™ 5.5 Is Here! Order Now And Get 3 Plug-Ins FREE!

Macromedia
FreeHand
Accelerated for Power Macintosh
Most Powerful Tool For Design & Illustration
Macromedia
FreeHand
For Macintosh and Power Macintosh
NEW VERSION!

FreeHand 5.5 is the most powerful graphic and design tool available. The newest version of this top-rated application gives you powerful NEW graphics features, like graphics along a path, multiple page Acrobat PDF import and editing, the ability to create anti-aliased bitmapped images and more. It has 10,000 clip art images and 500 fonts, so you'll always have the perfect elements for any project. And, its incredible open architecture supports Photoshop-compatible filters for use on TIFF images as well as vector-based plug-ins including ones designed for Adobe™ Illustrator™. But that's not all. When you order FreeHand 5.5, you'll get Xaos Tools Paint Alchemy, Xaos Tools Terrazzo and BeInfinite Infinite FX plug-ins absolutely FREE. These hot Photoshop filter packages are your easy route to achieving a variety of special effects. Plus, FreeHand 5.5 is 25% faster than FreeHand 5.0 including special optimizations for the latest Power Macintosh computers.

> "FreeHand™ is the faster program—especially when it comes to text and Xtras-and it wins in the key areas of navigation, object blending, schematic drawing, color management, text handling, small-document creation, and special effects. In fact-and it's been a long time since I've been able to say this-if I had to recommend only one draw program, it would be FreeHand™."
> —*Deke McLelland, MacWorld-May 1995*

MACWORLD MW EDITORS' CHOICE

> "Professional illustrators used to buy both FreeHand™ and Illustrator™ because each program had tools the other lacked. FreeHand™ may put an end to that purchasing practice because it supports the Illustrator™ plug-in format and offers unique tools that Adobe's product currently lacks."
> —*MacUser, February 1995*

Why choose a Verbatim toner cartridge?

Excellence. Verbatim has been in the data and image storage business for over 25 years. All of our products have been designed with quality and reliability in mind. The same attention to quality and detail goes into Verbatim's laser toner cartridges. The new long life print drum and specially formulated toner produce crisp text and graphics, page after page.

***Earth Day, Every Day.** Upon return, each Verbatim cartridge keeps 4 pounds (1.8 Kilograms) of plastic and cardboard out of the landfill. Use the toner packaging carton to return your empty cartridge.

Verbatim.

An added Plus. Take advantage of our special recycling rebate offer!

- Organizes all types of media
- Interlocking design
- Lockable

#73573-PL...... #73572-CG...... $33.99

MEDIAWORX™ by TENEX®

Arriva™

Why You Should Insist on Arriva Premium Computer Cables.

Our Premium cables match the performance designed in your device. Premium cables match SCSI, economy cables don't! Impedance mismatch causes data distortion or data errors. Economy cables have a single shield, whereas premium cables have a double shield that reduces external interference. Most SCSI addressing and data errors can be traced to mismatched poor quality SCSI cables and terminators. Power Macintosh® compatible.

SCSI SYSTEM CABLES • 25M-50M PIN	(LENGTH)		
Premium SCSI System	(2 foot)	$17.99	#77757
Premium SCSI System	(3 foot)	$19.99	#77758

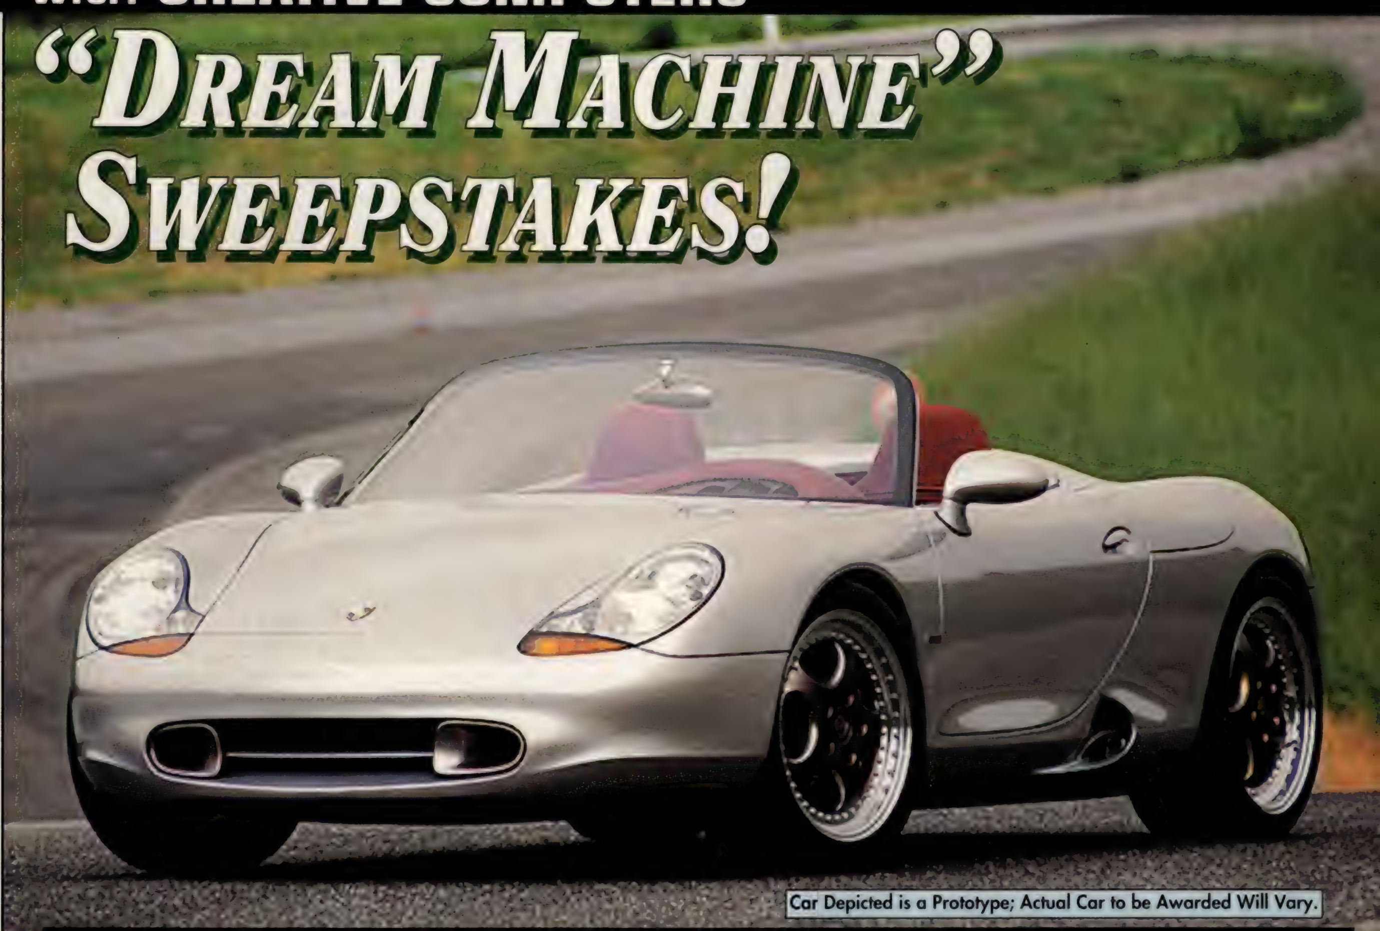
Hit the Road

with CREATIVE COMPUTERS' "DREAM MACHINE" SWEEPSTAKES!



Car Depicted is a Prototype; Actual Car to be Awarded Will Vary.

You Could Win This BRAND-NEW Porsche 986 Boxster!

Creative Computers' "Dream Machine" Sweepstakes!

Official Rules (No Purchase Necessary)

FOUR WAYS TO ENTER:

1) You will be automatically entered each time you place an order by calling a Creative Computers 800 order number. To be eligible for the sweepstakes, order must be received by midnight 11/30/96

2) You may also enter by completing the Dream Machine Sweepstakes Courtesy Reply Card or entry blank located in our catalog, a magazine or other publications and mailing with first class postage affixed in an envelope, if necessary, or by hand printing your name, company name, and address (including zip code) on a 3"x 5" piece of paper and mailing in a hand-addressed #10 envelope, with first class postage affixed, to: Creative Computers' Dream Machine Sweepstakes, 914 South Hoover Street, Los Angeles, CA 90006. Limit one entry per envelope. No mechanically reproduced entries permitted. Entries must be postmarked by 11/30/96 and received by 12/6/96.

3)You may enter by depositing your completed entry in the receptacle provided at a participating Creative Computers retailer by close of business, 11/30/96.

4) You may enter by following al the instructions provided on the Creative Computers Web Site. The Creative Computers Web Site can be reached via the following URLs:

http://www.creativecomputers.com
http://www.macmall.com
http://www.pc-mall.com

RANDOM DRAWING: Winner will be selected in a random drawing on or about 12/20/96 from among all eligible entries received by D.L. Blair, Inc., an independent judging organization whose decisions are final. Prize will be awarded and winner notified by mail. Odds of winning will depend upon the number of eligible entries received.

PRIZE & APPROXIMATE RETAIL VALUE: One Grand Prize of a Porsche® 986/Boxster ($50,000).

GENERAL RULES: Open only to residents of U.S. who are 21 years or older at time of entry. Employees of Creative Computers, Inc., their affiliates, subsidiaries, advertising and promotion agencies and the immediate family members and/or those living in the same household of each are not eligible. Void where prohibited by law. Not responsible for lost, late, misdirected, mutilated or illegible entries, entries not received in time for the random drawing, or mistranscribed entries or faulty phone transmission. Winner may make no substitution or transfer of prize. All federal, state and local taxes, insurance, licensing, registration and title fees are the sole responsibility of winner. All federal, state and local laws and regulations apply. Potential winner must execute any required Affidavit of Eligibility/Release of Liability/Prize Acceptance Form within 15 days of attempted notification. Noncompliance within this time period may result in disqualification and an alternate will be selected. Return of any prize notification as undeliverable will result in disqualification and an alternate will be selected. Sponsor reserves the right to substitute prize of equal or greater value. Acceptance of prize constitutes permission to the sponsor and its agencies to use winners name and/or likeness for purposes of advertising and trade without further compensation, unless prohibited by law. By participating in this promotion, entrants agree to be bound by the Official Rules and the decisions of the judges.

For name of winner, available after 2/15/97, send a separate, stamped, self-addressed (#10) envelope to: Creative Computers Winner, P.O. Box 4848 Blair, NE 68009.

ATTENTION

Caffeine-Slugging, 'Net-Surfing, Mouse-Tapping (It Ain't *#$% FAST Enough!) Mac™ Owners!

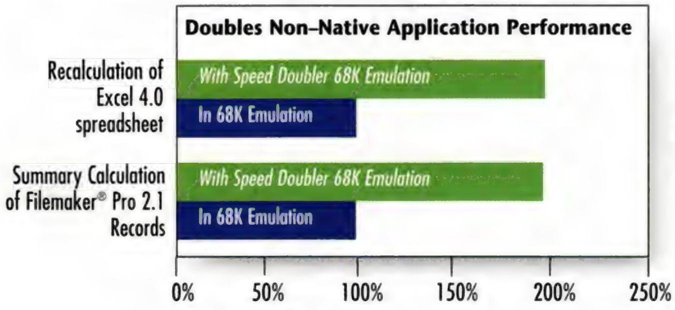
Now You Can Double the Speed of Your Mac™ with Speed Doubler!

Thumb-twiddlers read no further! (This is for speed-craving Mac™ fanatics only). Listen to this: Speed Doubler accelerates your Macintosh® without expensive hardware! It'll run all your 680x0-based software at DOUBLE the speed, all the time. So your Power Macintosh® 6100 with Speed Doubler will run faster than a stock 7100. The more memory you assign to Speed Doubler, the greater your disk speed benefit. So you get warp-speed disk access on almost any Mac™, with ultra-quick large file saves and database sorting. You can copy and delete files instantly. And improve your Mac™ computer's performance by taking advantage of faster PowerPC™ processor upgrades and adding more RAM to your system. Plus, installation takes just 15 seconds-your Mac™ is accelerated from the moment you restart. Just call us toll-free for speedy overnight delivery. So what're you waiting for, hotshot?

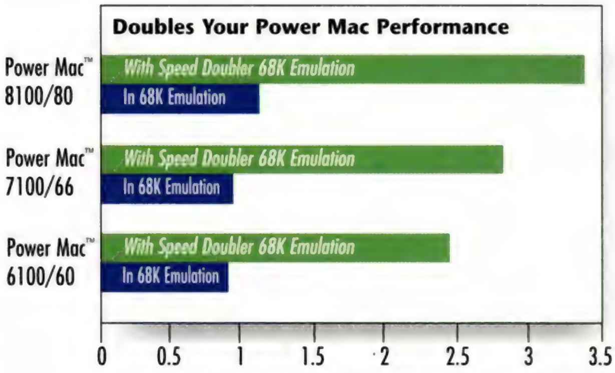
How Speed Doubler Works

Speed Doubler uses three basic technologies to double your computer's speed:

1. A rewritten 680x0 emulator which uses dynamic recompilation to compile instructions into PowerPC™ instructions
2. An improved, intelligent disk cache using sophisticated "read and write ahead" techniques.
3. Enhanced Finder file handling which supports multiple copies simultaneously and in the background.



Percent faster—longer bars are better
Speed Doubler provides the greatest speed benefit for applications that need it the most.



Speedometer 4.0 Processor Benchmark Average in 68K Mode—longer bars are better
1.0= Quadra 605 2.25=Quadra 840 AV

Speed Doubler Accelerates Your Power-Hungry 680x0 Power Mac™ Applications!

Just install it in your Power Mac™ and you can:

- Sort and search in your database much faster. It works great with FileMaker® Pro, 4th Dimension, FoxPro and more.
- Speed through non-native applications on your Power Mac™. Process twice as fast in Quicken, FileMaker® Pro and more.
- Work faster with your large documents. You can manipulate text and images faster in your word processing program, data bases and desktop publishing programs. It's perfect for racing through formatting your thesis or laying out your publication.
- Double the performance of non-native System Functions using Speed Doubler's faster emulator.
